WILSON'S ADDRESS ON MONDAY

ATLANTIC TAX EXEMPTION CASE SETTLED

Company, Through Emergency Fleet,
Pays About Sixty Per Cent.

The much talked about tax exemption case of the Atlantic Corporation has been settled. The matter was presented to the State Board by Lawyer Wright of the Atlantic Corporation and the agreement was then reached. Mr. Aaron of the U. S. Shipping Board came here on Thursday and went over the agreement with the assessors.

The company was taxed for \$18,000 on the entire property. The last city government exempted the company on all new extensions, etc., and to pay a tax on the original plant on a valuation of what the plant was worth in operation. This was the basis of the settlement and the Shipping Board handed over the cash on the agreed tax, \$10,000. With the settlement of the tax matter there was also a settlement of the school housing controversy and relieved the city of the obligation to build the large schoolhouse at Atlantic Heights, but the agreement to build when the public need requires and a building suitable to the demand at the time.

The controversy has been settled by

leaving a good feeling between the Atlantic Corporation, the city and the Emergency Fleet, and also with the settlement in accordance with the terms of the exemption. This settlement proposition was first discussed at a meeting of the Chamber of Commerce about six weeks ago. The city gets a fair tax and the new industry is made to feel welcome and a showing of general interest to encourage it.

JAPAN WANTS RACIAL QUESTION SETTLED AT PARIS

Tokio, Feb. 21.—In reply to an interpolation in the Diet today Premier Hara said there was no reason why China should demand the return of Tsing-Tao. To another interpolation he said that the race problem would never escape the utmost attention of the government—at the plenary session of the peace conference when the covenant of the league of nations was considered. Baron Makino, of Japan, said that his nation would have proposals to submit later. His statement was supposed to refer to an amendment abolishing racial distinctions in international affairs.

Washington, Feb. 21.—President Wilson's first home coming address will be delivered Monday afternoon at Boston and he will leave soon afterward for Washington. He is expected to be at his desk in the White House early Tuesday. President Wilson will make his speech at 3 o'clock Monday afternoon in Mechanics Building. This was announced by Mayor Andrew J. Peters today after receipt of a message from the steamship "George Washington" on which the President is returning from France. The message was signed by Rear Admiral Grayson and said that if present weather conditions held, the "George Washington" should reach President Roads in the lower harbor by Monday noon. The steamship will drop anchor there and the Presidential party will be transferred to the coast guard cutter Osprey, which will bring them to Commonwealth Pier. "The President" the message said, "expect all arrangements may be as simple and informal as possible." The cruiser "Albatross" was ordered today to speed to the side of the steamer "George Washington" approaching this port with the

At the same time orders were given a small fleet of destroyers to prepare to put to sea within 24 hours to act as a Naval escort of honor. The proposal to greet President Wilson by whelers has been abandoned. It was learned today. Officials of the First Naval District reported that the Navy Dept. had refused to sanction communication by a commercial radio station with the steamer which in a naval vessel engaged on transport service.

Secretary Daniels announced today that President Wilson would embark on the "George Washington" about March 5th for his return trip to France.

FOOD DELEGATES IN PARIS

(By Associated Press)
Paris, Feb. 21.—A German-Austrian delegation has arrived here from Vienna to confer with British, French and American officials concerning the economic, food and financial questions. The Austrian delegates are Dr. Richard Schuller, of the foreign office, Dr. Victor Brandels and Dr. Hans von Simon, of the Treasury Dept.

CLEMENCEAU IS NOW OUT OF DANGER

(By Associated Press)
Paris, Feb. 21.—Premier Clemenceau planned to receive his colleagues on the supreme council at his home this afternoon to discuss certain important matters with them. Announcement to this effect was made shortly before noon today. His doctors consider him out of danger and, therefore, authorized him to receive the ministers this afternoon. The physicians believe he can resume his political activities on Monday. As the result of the shooting the police searched the houses of some 300 members of the Communist Federation of the department of the Seine. Enormous masses of papers, tracts, circulars and pamphlets were carried off. It is said that papers seized at the office of the Journal "Liberte" established the fact that a regular Bolshevik organization is in existence in Paris.

FEDERAL OFFICERS CAPTURE SCORES OF WHISKEY RUNNERS

(By Associated Press)
Toledo, O., Feb. 21.—The toll of federal officials in their attempt to stamp out the smuggling of liquor into Michigan was 39 arrests and 4 barrels, 305 cases, 20 gunny sacks, 25 suit cases, 68 bags and 159 bottles of whiskey. Hundreds of Michigan visitors, unable to get home last night, spent the night here in doorways, in railway stations and in hotels. Early cars and trains from Michigan points

today brought hundreds of persons with suit cases and travelling bags. Several of Toledo's largest saloons and wholesale houses closed today, their shelves bare.

Monte, Mich., Feb. 21.—The Michigan Attorney General's office today secured an injunction in the Circuit Court here against the importation of liquor over the Ohio-Michigan border. Persons violating the injunction it is said, will be held in contempt of court.

GERMAN OFFICIALS SAME AS UNDER THE KAISER'S REGIME

(By Associated Press)
Paris, Feb. 21.—The German government is the same bureaucratic regime of the Kaiser's day, with the same attitude toward labor and capital and does not represent the forces which caused the revolution, says Dr. Louzo E. Taylor, food specialist, who has returned from Germany where he made an investigation for the supreme

food relief council. "Count Von Bernstorff is in charge of American affairs at the foreign office and the Bureaucrats of the old school are in evidence everywhere," he added. "Plays so immoral that they would have been prohibited under the imperial regime are tolerated, thieving is prevalent and leading is common." Dr. Taylor said the food situation is critical and that the death rate is increasing.

The Governors ball was held on Thursday evening in the auditorium in Concord, and it was one of the most brilliant events of the winter. There was a very large crowd present and it included many of the prominent people of the state.

Among those who were in attendance from this city were, Mayor and Mrs. H. D. Carter, Dr. and Mrs. B. P. Staples, Mr. and Mrs. H. W. Peyster, and Mr. and Mrs. B. M. Randall, Mr. and Mrs. J. A. Nowick, Mr. and Mrs. H. H. Smith, Mr. and Mrs. W. A. Haskins and Mr. and Mrs. C. W. Gray.

STATE ACCEPTS FARM GIVEN BY THE LATE SAMUEL S. WHIDDEN

The farm given in the will of the late Samuel S. Whidden to the state of New Hampshire was accepted by the state in a House Joint Resolution on Thursday. The bill covers the will probated in April 1917 and reads as follows:

Whereas, Samuel S. Whidden, late of Portsmouth in the County of Rockingham and State of New Hampshire, died on the third day of April, 1917, leaving a will, which was admitted to probate in said County of Rockingham on the seventeenth day of April 1917, containing a devise and bequest in terms as follows:

"Seventh: Being desirous of assisting in the promotion of agriculture and the mechanic arts in lay native State of New Hampshire I give and devise my farm situate partly in Portsmouth, partly in Greenland and partly in Rye all in the County of Rockingham and State of New Hampshire and known as the 'Whidden Farm' to the said State of New Hampshire in trust nevertheless and upon the express condition that the title to said farm shall forever remain in said State of New Hampshire, as trustee and upon the following trusts: viz: that the use, rents, issues, income and profit thereof shall be devoted by the said trustee to such uses, benefits and purposes of the New Hampshire College of Agriculture and Mechanical Arts at Durham in said state as the trustees of said college may from time to time desire and determine, provided, nevertheless

that said uses, benefits and purposes shall at no time involve the sale of any part of said real estate. I also give and bequeath to the State of New Hampshire in trust as aforesaid all the rest, residue and remainder of my property the same at all times to be kept securely invested and the income therefrom alone to be paid over from time to time to the trustees of said college and to be used by said trustees for such purposes as they shall from time to time deem for the best interest of said college. This aforesaid devise and bequest are upon the express condition that the terms of said trusts be always strictly complied with and in the event of any breach of any of the terms aforesaid or of the said New Hampshire College of Agriculture and Mechanical Arts shall refuse to accept the said devise and bequest or either of them then in either event I give, devise and bequeath the said real estate and the said residue of my estate to the said State of New Hampshire. In trust nevertheless for the use and benefit of the State Forestry Commission of said State of New Hampshire; now therefore

Resolved by the Senate and House of Representatives in General Court convened:

That the State gratefully accepts the gift of the said Samuel S. Whidden for the uses and purposes and upon the conditions named in said will.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe, and No-body Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But breaking at home is messy and out-of-date. Nowadays, by adding to any drug store for a bottle of "Wynth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

KITTERY

Kittery, Feb. 21.—The public meeting at Westworth hall last evening brought out a fairly good audience to hear the subject of a district nurse discussed. Alexander Bennett presented at the meeting and introduced the speakers, Miss Elizabeth Stog of Boston, who spoke of Red Cross work here and overseas; Miss Elizabeth Murphy of Portsmouth, district nurse, who has worked in Kittery and spoke briefly of that work; Alvin Titus of South Elliot, chairman of the Elliot Red Cross, who spoke for that organization in favoring the project.

The daily work of a district nurse was illustrated by stereopticon slides operated by Rev. J. M. Jenner, after which Suppl. of Schools Eugene Foster, told of the help of a district nurse in connection with the public schools. Mr. Bennett then announced a committee on Public Health, comprising a large number of citizens representing all sections of the town, this committee to confer later with an Elliot committee on the question of a district nurse. Red Cross Service Badges were then presented by Elmer J. Burnham to the following ladies for their very efficient work in the Red Cross during the nearly two years that the organization has existed in this town: Mrs. James R. Philbrick, Mrs. Fred Stacy, Mrs. George Gannish, Mrs. Oscar Clark, Mrs. Percy Huelin, Mrs. Arthur Cheley, Mrs. Samuel Caswell, Mrs. Frank Parker, Mrs. George Bonner, Mrs. George Marden, Mrs. Charles Heaney, Mrs. Everett Olin, Mrs. George Trevelyan and Mrs. Jan Keene.

ANOTHER SIDE OF IRISH QUESTION REVEALED

Dublin, Feb. 20.—Captain Stephen L. Gwynn, former Nationalist member of parliament, now chairman of the executive committee of the Irish Centre Party, and several Irish Nationalist officers who served in the war, have sent an appeal to Premier Lloyd George to submit the Irish question to the Peace Conference.

Captain Gwynn was active in the voluntary recruiting movement in Ireland in the latter part of the war when it was feared that conscription would be imposed upon Ireland.

In a letter to the Premier, Captain Gwynn and his associates say that the problem of Ireland could not be better described than in the words of President Polk in outlining the task of the Peace Conference as being "to remake the map of the world and respect the rights of nations, small and great, to dispose of themselves."

By these terms, asserts Captain Gwynn and his fellow officers, "the Peace Conference is indicated as the bar before which Ireland's claim should be heard and judged. Venturing to affirm that we speak not for ourselves alone," continues the letter, "but for the tens of thousands of Irish Nationalists who went out with the same purpose that inspired us—and of whom many thousands can never speak again—we submit to you respectfully that the Irish question should go to the arbitration of the Peace Conference."

"The Irish difficulty lies partly in Ireland, between a majority and a minority; but it lies also between Ireland and England. You who have accepted the principle of international equality between nations and nations cannot in honor and in justice claim that as between England and Ireland, England should be the sole judge."

"Not only in the interest of our own country," but in the interest of the world's peace, which must always be in jeopardy while a nation small or great lives under a deep seated sense of ancient and rankling injustice, we ask you with the utmost earnestness to submit our case and yours, our national difficulty and your imperial difficulty, to the great assemblage of nations."

Dr. George Macnamara, I. O. O. F., will meet this evening and there will be degree work upon a class of candidates.

ELKS ENTERTAIN NATIONAL RULER
Boston, Feb. 20.—Bruce A. Campbell, grand exalted ruler of the Benevolent and Protective Order of Elks, was the guest of the Massachusetts Elks' Association at the Copley-Plaza last night. Every Elks' lodge in New England was represented in the 800 guests, and the grand exalted ruler was given a generous welcome.

In the foyer, ballroom and dining hall of the Copley-Plaza were displayed the flags of all nations, and among the Elks present were representatives of all arms of the national service as well as government, state and city officials. Lt. Gov. Cox represented the state and Mayor Peters responded for Boston, while every other city in Massachusetts was represented by an exalted ruler and party of Elks in addition to officers and members of lodges of Maine, New Hampshire and Vermont.

Dinner was at 7 and at that hour a procession of 800 Elks marched into the ballroom, where the entire floor and balcony were taken with tables above which fluttered the flags of the various lodges.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the flush of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of Limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives you a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, that one week of inside-bathing will have them both looking and feeling better in every way.

HAVE NO RIGHT TO SEARCH FOR BOOZE

Detroit, Mich., Feb. 20.—Michigan's Supreme Court, in a decision yesterday, held, in effect, that the search and seizure clause of the bone-dry State law which became effective on May 1 last, is invalid.

This means that automobiles and other carriers which, for the last nine months have been rumbling or attempting to run, the gamut of the State Constabulary from "wet" Ohio into ostensibly "dry" Michigan shall not be molested. Thousands of persons have been arrested in the undertaking for until this decision the State presumed that it had the right to search the persons and baggage of every one entering Michigan.

On hearing of the court ruling, Col. Roy C. Vanderveer, head of the State Constabulary, ordered all his troops to stop searching cars bound north from Toledo, the nearest "wet" city to Detroit, and by nightfall hundreds of such vehicles, heavily laden with liquor, were making their way into Michigan along the Dixie Turnpike.

WOULD FORCE GOV'T CONTROL OF RAILROADS

(By Associated Press)
Washington, Feb. 20.—Representative Dyer of Missouri charged in the house this afternoon that sinister efforts are being made to influence members of congress to continue the

government control of the railroads under the guise of defeat at the poles. He said that there is a wide spread and well organized propaganda with which representatives were being headquartered in Washington, from bombarded with letters setting forth that it would be disastrous to give up government control. That action on the bill for \$750,000,000 for the railroad administration revolving fund, went over after the rejection of the amendment that the Federal control cease on January 1, 1920 and another that the President be prevented turning back the roads without first getting the consent of Congress.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Dandruff. Also try this—moisten a cloth with a little Dandruff and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandruff dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Dandruff from any drug store or toilet counter and try it as directed.

FOREMEN STRIKE FOR MORE MONEY

(By Associated Press)

CELEBRATED HIS 50TH JUBILEE

Washington, Feb. 20.—James Cardinal Gibbons head of the Catholic church in the United States received

a touching tribute on the occasion of the celebration of his golden jubilee. The aged prelate officiated at a pontifical high mass at Washington University which was attended by a brilliant gathering of prelates and laymen.

At the dinner which followed a purse of \$50,000 the gift of the bishops of the country, was presented by Cardinal O'Connell of Boston. The Pope was represented by Archbishop Corbelli, assistant Papal secretary and he brought the Pope's blessing to the aged Cardinal. More than 50 prelates were present including Cardinal Degan of Canada and from Mexico Archbishop Orozco. Distinguished Catholic laymen present were, Chairman Hurley of the Shipping Board, Justice McKenna of the Supreme Bench, Rear Admiral Cope, Rear Admiral McIlwain and W. B. E. Coleman.

APPLE BLOSSOM FOR STATE FLOWER

The House adopted the apple blossom as the state flower, after devoting the entire session to an unintermitted discussion of the merits of each flower mentioned. The bill came in with a minority and a majority report, the latter for the purple lilac, but this was voted down and various flowers were suggested and all given a hearing and in the end the apple blossom was chosen. One member said that if the threat of the farmers that they would cut down every apple tree, if the elder bill was passed was carried out, there would be no apple blossoms.

DRYDEN TO MEET WESTERGARDE

Bill Dryden is to start wrestling again after a lay off of two weeks, and he has taken on for his Monday night match Jean Westergarde, who the fans will remember as wrestling here some years ago. He has been in the west ever since and if we remember right he won from Dryden.

Dryden has not been able to secure the wrestlers he wanted as most of them are in the west, but are now on their way back and some good men will be looked as soon as possible. The fans would like to see Mike York, who is soon to work in New England show in this city.

CROWD AMUSED BY BOXING BOUTS

The Knickerbocker staged a near boxing bout at Freeman's hall Thursday evening when Al Nelson the come back of former years had a huggish match with Joe Walsh for ten rounds and in the end Patsy Sweeney of Manchester, who was the third man in the ring gave his fellow townsmen the decision, and it went, for nobody offered any serious objection.

Dennis Ryan and Young Cannon mixed it up for ten rounds and Ryan was given the decision over the war implement.

The referee had evidently not been properly coached on the opening events for the two lads who started out to give a strictly exhibition bout were called to order by Sweeney and told that it was fighting they were supposed to be doing, and they could either fight or go to their corners. This frightened one of the boxers so that he immediately quit the ring and said that he would not play, the game was too rough.

"Children Love Cascarets"

Keep your little Pets healthy, strong and full of play by giving a harmless candy Cascaret at the first sign of a white tongue, feverish breath, sour stomach or a cold. Nothing else straightens up a bilious, or constipated youngster like these delightful cathartic tablets—Only ten cents a box.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each ten cent box of Cascarets contains directions for children aged one year old and upwards as well as for adults—absolutely safe and harmless!

Sound Views of a Soldier.

A letter recently received at Augusta, Me., from Lieutenant Frank A. Southard, a member of a Maine regiment now stationed at Coblenz, is worthy of the attention of those who are talking of reclaiming land and selling up returned soldiers in the business of farming. Apparently news of the government's projected enterprise has reached the boys across the water, and if Lieutenant Southard's view is at all representative the proposition is not altogether popular with them. He writes: "So far, the returning soldier has been offered great opportunity to go on a farm. Everybody seems to think a soldier is or ought to be a farmer. But really, not deprecating any willingness to help the poor returning soldier, it is too bad to consign him to a farm. First, because he isn't a farmer; and, second, because his life in the army has probably ruined him for an existence on the farm, far from his pals and society, a thing he has become intensely used to. The poor returning soldier isn't going to stay alone. And, third, because it takes much money to run a farm after you are once on it."

This is very much in-line with what this paper has had to say on the subject from time to time. Theoretically the scheme sounds well, but it is greatly to be feared that it would work out poorly in practice. As has been said in these columns, and as Lieutenant Southard says, comparatively few of the soldiers are farmers, and any attempt to make farmers of those who have had no experience on the land would be a prodigious undertaking, with failure as the probable outcome in a majority of instances. The soldiers who have had experience on the farm may be trusted to get back to the soil if they choose to make agriculture their future calling, but the idea that an army of men, many of whom never had a farm implement in their hands, can be turned into farmers by merely saying so and passing a big appropriation is little less than preposterous.

And now it is given out from Washington that the war has created an opening for a new profession, that of "farm mechanic." It is said that owing to the scarcity of farm help more machinery than ever will hereafter be used on the farms, and that every sizable farm will need a man to keep the machinery in order. It is therefore proposed to have the government train disabled soldiers for this work.

There may be in the country a few farms, more commonly called "ranches," large enough to make room for the "profession" mentioned, but the ordinary farm will never call for that kind of a "professor." The village blacksmith and the stores where the standardized parts are kept will meet all ordinary demands in the way of repairing farm machinery.

These suggestions from those who are interesting themselves in the soldiers spring from the general upheaval in which the country has been since it entered the war, and the desire, very commendable in itself, to do something for somebody. But it will be well in considering the theoretical not to lose sight of the practical. There are enough abandoned farms in the country now, and the government should not spend millions in laying the foundation for thousands more.

It is not surprising that the murderous fanatic has come to the surface in Paris. The whole world rejoices that his aim was so poor and that the intended victim, Premier Clemenceau, still lives. The incident teaches that there must be no loopholes in the guard surrounding the men taking part in the Peace Conference.

Giving a three months' membership to all returned service men is a generous and commendable act on the part of the Y. M. C. A., and one that will be apt to contribute largely to the future prosperity of the organization.

The decision to lay out a permanent range will be pleasing to the members of the Country Club who are interested in trap shooting. It is a manly sport and may well be included in the list of the club's attractions.

Secretary of the Treasury Glass wants it distinctly understood that his department is not anxious for the job of enforcing the prohibitory law. Is it already mistrusted that this is going to be something of a job?

Boston is preparing for the time of its life, and well it may. It is no small honor to have the President land there and deliver there his first speech after returning from abroad.

A Worcester, Mass., clergyman fell and suffered a broken leg the other day while painting the interior of his church. To the labor unions, at least, the moral will be obvious.

Boston is planning a health campaign, with \$300,000 as the amount of money needed. How the "drivers" do hate to lay down the reins.

STRIKERS PEACEFUL IN LAWRENCE

(By Associated Press)
 Lawrence, Mass., Feb. 21.—Scenes around the textile mill gates were fairly peaceful today. There was no renewal of the plotting of yesterday when strike sympathizers sought to hold a mass meeting on Lawrence Common. The working forces in the mills, largely English speaking operatives, are considerably smaller in the woolen mills than in the cotton factories. Six women pickets were arrested on charges of intimidation today at the mill gates. A man was charged with carrying a loaded revolver.

I. W. W. HOME RAIDED AGAIN

(By Associated Press)
 Chicago, Feb. 21.—Detectives raided headquarters of the I. W. W. early today in search for persons suspected of complicity in the fatal shooting of James Patterson, whose home was invaded as the result of what the police assert is an I. W. W. feud. Three men were arrested shortly after Patterson's wound proved fatal and in the raid three others were arrested.

NAVY YARD NOTES

Their First Defeat
 The yeoman (1) met their first defeat at basket ball in the recent game with the Portsmouth high school. The school team won by a score of 16 to 7.

Trying Out Vaudeville
 The naval personnel are putting on a vaudeville show at the prison on Saturday night for the inmates only.

Leave for Jewish Workmen
 Secretary Daniels has notified Rear Admiral C. J. Boush, commandant of the yard that where military necessity does not interfere, leave for men of the Jewish faith is authorized from noon, April 11, to midnight of April 16, on account of the Jewish Passover. Where leave is impracticable, service may be authorized.

Launch Freighter
 Given the name of the new freighter launched at the Charleston navy yard on Thursday afternoon. The craft was christened by Gwendolyn Leys, daughter of Capt. J. S. Leys, medical director of the yard. All the officers of the yard, and of the ships in port were present at the launching. The sponsor was presented with a silver bangle bracelet as a souvenir of the occasion. The vessel is of wood and of the type that are now built in 25 days.

Conductor May Hold Train
 Much complaint is made of the confusion caused by navy yard employees who insist in blocking the platforms of the cars each day when trains are due to leave the yard.

In the future the conductors of the trains will have the right to use a remedy against this practice and may hold the train until the passengers take their places inside the cars.

Two in One Again
 The January and February issue of the Life buoy combined will be distributed next week, probably on Wednesday.

What Next?
 Jackies at the Great Lakes naval training station are forbidden to give boxing exhibitions or compete in contests away from the station as the result of an order received from Secretary Daniels. Recently a protest was sent to the secretary by a Chicago ministerial association, asking him to prevent Great Lakes boxers from giving an exhibition before members of the Chicago city council. The exhibition, originally planned for the council chamber in furtherance of a boxing bill to be offered in the legislature, was transferred to the Elks club. Chief of Police Garrity served notice that it was illegal and would not be permitted.

Cruiser Expected Sunday
 The cruiser South Dakota is expected to arrive at the yard on Sunday or early Monday.

OUR BOYS SERVING UNDER STARS AND STRIPES

PEN SKETCHES AND PICTURES.

Perley D. Hersey, son of Mr. and Mrs. P. H. Hersey of Lincoln avenue, is serving with Battery C, With Field Artillery now with the 11th army of occupation posted in Germany.

Dear Mother:
 Just a few lines, dear, to let you know that I am all right. This is a cold rainy day. Not much sunshine in Germany. Give me old U. S. A. every time. I want some money home, so you keep it for me until I get back. I

PERLEY D. HERSEY.

don't know when that will be, but it will be some time.

We do not need much money over here, so I will send home all that I can, then I will have it when I get home. I see in the Portsmouth Herald a lot of the boys pictures who went away and they look familiar.

I am sending you a cut of the Argentine victory. This is the front that I was on. I was in the 4th Division. Believe me mother, it was some fight. I will tell you all about it some day. You have heard of the Meuse river. Well, I went over that river.

It is very lonesome here just now. All the boys will be glad to get back to the old U. S. A. I sent Mrs. Leach a post card from Germany. I hope that she will get it alright.

I have not received my Christmas box yet. I think that it got lost or right. I would have liked to have got the candy that was in it. We do not get much here. My two pals are waiting for the good time they are going to have in old Portsmouth. That is all they talk about. So we will have to give it to them all right. Tell Grandma and tell Jim Hogan to get that pen and ink of his busy. I have written to him three or four times but get no answer, so I will not write any more until I hear from him. I have just got a German pipe, so I will have a good

before I go to bed. I go to bed about 8 o'clock every night. Then up again at 6 A. M.

Well, dear, there is not much more news to tell you. I hope that this letter will find you and all the rest well and happy. Now don't worry about me. I will come home to you all some day, and then we will have one big time. Give my regards to all that ask for me. Love to you all.

PERLEY.

The following letter was recently received from Hector A. Meisaac of this city who is now with the American Army of Occupation in Germany:

Dear Sister Ephraim:
 Your welcome letter at hand and I was more than pleased to hear from you. I am here again with my division in Germany and this town where we are is very pretty. A famous summer resort. There are hot springs here and it is surely fine bathing. We have the use of them once a week. This is a very pretty country, very much like the states. The weather is quite warm here, no winter at all. I am going to send you some postal cards of Germany. Quite soon. The

HECTOR A. MEISAAC

people are very kind to us. Of course they have to believe themselves while we are here. They must all can speak some English. I visited a Dutch den on yesterday and had a bottle filled. He used to be very kind, but it seems strange to be among these people so soon after giving them a whipping. I have not received your Christmas box yet, but I think it will show up soon. You asked me when I thought I would be home. It is very hard to say when we will get home but when peace is signed we will be looking for a start. Well, dear sister, this is all I will say for this time.

Good bye from your brother
 HECTOR A. MEISAAC.

SERVICE AT NAVAL PRISON.

The service at the Y. M. C. A. hut at the naval prison on Sunday evening will be of special interest. Lieut. Commander Osborne will give an address, and the musical program will be furnished by Mrs. Lafayette Goodbar, soprano singer and pianist, and Mrs. H. A. Beech, a country-wide famous pianist and composer.

BOYS WILL HAVE ROYAL RECEPTION.

At the Welcome Home Service to the Portsmouth boys and the demobilization of the Service Flag at the Colonial Theatre on Sunday afternoon at four o'clock, the committee in charge is anxious to have every Portsmouth boy on the stage who has been released from service. The city is just as anxious to honor the "boys" who

did not have the opportunity to go across as those who served overseas. Those who had not the chance to serve in France or in European waters gave able service at home. The Colonial Theatre is expected to be filled at this notable patriotic service.

EVENTS FOR OPEN TRAP SHOOTING MEET

There will be two slated events in the Washington's Birthday trap shoot at the Portsmouth Country Club, which are open to all gunners.

In the forenoon there will be a twenty-five target event for the purpose of establishing a handicap for the afternoon event. This handicap will be along the lines of the trap shooting association and will be based on the number of targets broken.

In the afternoon there will be a fifty target handicap event. There will be an entrance fee of 50 cents for this and it will be divided as follows, fifty per cent to winner, 30 per cent to second, and 20 per cent to third. Entrance fee optional, but only those

who pay fee will be eligible for the prizes.

In addition there will be other events both forenoon and afternoon if the time affords. Shooting will be in squads of five and there will be traps enough to keep the shooting as desired.

Gunnery will do well to bring their luncheon, as only hot coffee will be served at the club house.

If the weather is fair a large field is expected and many of the best shots in New England will be present, while there will be a large number of local gunners and from surrounding towns. Included among the crack shots will be G. M. Wheeler and W. G. Hill, professionals, W. E. St. John, Warren Weymouth and Walter Jinks of Portland and others from Manchester.

COLD SNAP DOES NOT MAKE ICE

The cold, snappy weather of the last week has not been of much benefit to ice dealers in Manchester. The frost in the air, which is needed to make good ice has been lacking, winds snaking the last week seem colder than it really has been. The only benefit of the present weather is that it keeps the ice from thawing. In spots where ice was out a week ago, the ice has not frozen more than five inches, whereas in normal winter weather, it should be ready to cut again.

The Manchester Coal and Ice company has been using an ice field saw which is one of the few saws of this kind in the state. This saw is a benefit in many ways and eliminates the use of horses and contributes cleanliness to the ice.

The saw weighs nearly 1200 pounds and is guided over the ice by a 24-horsepower engine. It is much superior in results than horsepower saws and cuts anywhere from seven to twelve inches in one cut. Over double the amount of ice can be cut in a day with the saw than by old methods.

The first event of the Washington Birthday program at the academy will be the concert by the musical clubs at the town hall this evening. Many out-of-town visitors, guests of the students are expected, including many of the alumni from the various colleges.

Wesley L. Day, son of Mrs. Belle Day, who has been abroad in the service for the past 15 months, has returned to his home here.

PAST CHIEFS' CLUB OF PYTHIAN SISTERS CELEBRATE BIRTHDAY

Banquet and Addresses Enjoyed by Large Gathering.

The Past Chiefs' Association, consisting of members of Crystal Temple, No. 36, Pythian Sisters, Freedom Temple No. 13 of North Hampton and Hawthorne Temple, No. 13 of Sanbornville, observed its third anniversary last evening at the home of the president, Mrs. Louis G. Macdonald of New Broad street.

After all had been cordially greeted a banquet was served at six o'clock. The dining room was prettily decorated and the pythian menu included grape fruit, roast Vermont turkey with dressing, mashed potato, squash, onions, celery, pickles, cranberry jelly, hot rolls, plum pudding, coffee with whipped cream and bonbons.

The place cards were red, white and blue miniature hatchets and pythian napkins most appropriate for the week in which Washington's Birthday is celebrated.

The banquet was accompanied by much sociability and good cheer and after all had done justice to the fine repast a business session was held and officers elected for the year as follows:

President, Addie B. Carl.
Vice President, Florence G. Batson.
Secretary and Treasurer, Mabel A. Cox.

An interesting letter was read from Mrs. Ella P. Smith, a member of the order, and now a resident of Washington, D. C.

The special guest of the evening was Past Grand Chief Emma B. B. Twombly of Sanbornville. The others who attended the gathering were Alice Churchill of Sanbornville, N.H., Ida H. P. Hill, Ethel B. Shaw, Martha Carter, Grace M. Chevalier, Mabel Marston, Alice Cook and Susie A. Locke of Hampton and the following from Crystal Temple: Louis G. Macdonald, Louise B. Hannaford, W. Merle Higgins, Alice M. Johnson, Sarah J. Foulie, Addie B. Carl, Florence G. Batson, Grace I. Forsythe, Helen V. Hoyt, Lizzie M. Temple, Mabel A. Cox and Mabelle W. Horrocks. This Association was formed throughout the state some time ago for the purpose of building a Pythian Home in the near future.

At a late hour the company departed, the anniversary event having been a pronounced success.

HIGH SCHOOL DEFEATS YEO- MEN (F)

The girls basket ball team from the High school defeated the Yeomen (F) team, at the state armory on Wednesday afternoon by a score of 10 to 0. The Yeomen (F) from the yard won the first game with the high school team so that they now have one and one.

BATTLESHIPS TO BE SCRAPPED

Philadelphia, Feb. 21.—Three of the old-time leaders of the American navy have been condemned to the scrap heap. The Indiana, Massachusetts and Iowa, battleships, now in the basin of the Philadelphia navy yard, will shortly be destroyed as they have outlived their usefulness. Yet, twenty-five years ago, they were the equals of anything afloat. The Indiana class of battleships was regarded as a daring experiment. When the Indiana first went to sea all on board were impressed with the feeling that she might turn over in a heavy sea and go to the bottom.

Although the old battleships are still serviceable, and they were used in the world war they are obsolete and are therefore destined for the naval morgue.

LUCK AND PLUCK BROUGHT SHIPS THROUGH DANGER

New York, Feb. 20.—Fifteen cargo ships with a dead weight tonnage of 203,692 were lost during 1918 by the Naval Overseas Transportation Service, according to a report made public today by the District Supervisor of the Third Naval District. The removal of the ban of secrecy, vital during the war as a shield to these vessels and their crews, discloses that six ships, aggregating 42,627 tons, were destroyed by enemy activity; five vessels with a combined tonnage of 44,071 tons, were sunk in collisions; and four vessels, totalling 16,994 tons were destroyed by fire and explosion.

The reports trace the growth of the Naval Overseas Transportation Service since the time of its organization late in 1917 and describes the part played by it in transporting food, munitions and supplies for troops and naval vessels abroad. Seventy-two ships were originally assigned to this service and when the armistice was signed, November 11, 1918, the cargo fleet numbered 454 vessels, including 160 ships ready to be taken over.

Crews of navy cargo ships are said to have endured the greatest hardships of the war. Their lives constantly endangered, they faced the perils of the deep, the menace of an unseen foe, the danger of collision and the liability to instant death by accidents from inflammable cargoes.

It is on record that a convoy of fifty ships from New York was disintegrated by a violent storm in mid-Atlantic and that only two of the entire number reached France under convoy. "Every ship for herself" the forty-eight others by luck, pluck and constant vigil all finally dropped their anchors in the protected harbors of their destination.

"Not only were these crews confronted with the normal perils of the sea," says the report, "but they faced dangers which they could not foresee. Every ship for herself" the forty-eight others by luck, pluck and constant vigil all finally dropped their anchors in the protected harbors of their destination.

The chemical truck was called to James Speen's house, 97 South Main street to extinguish a chimney fire. A partition also caught fire and a loss of about \$100 was caused.

Rev. Fr. C. S. Lucero, realizing that Holy Rosary church is too small to meet the requirements of his large parish, is laying plans for the erection of a new church in 1920, and in the meantime will raise funds toward the project. The present church will be moved to a lot in the rear and used for the men of the parish, and in the proposed church there will be a gymnasium in the basement, a club room and a hall. The new church will be 120 feet long and 50 feet wide, with a seating capacity for 800. The local parish is one of the largest hereabouts.

Revival services are being conducted in the East Rochester Advent church by the Rev. George C. Brooks of Corning, Me. The services are being well attended.

Next month Raymond Beaudoin of Congress street, son of Mr. and Mrs. Cyrille Beaudoin will enter St. Anselm's college, Manchester.

A timber lot at North Wakefield is being operated by John W. Hall of this city and the logs are being shipped to the local barrel factory.

Announcement is made of the marriage of Miss Florence M. Horne of East Rochester, daughter of Mr. and Mrs. Charles M. Horne, to Albert Smith of High Point, N. J. The ceremony was performed in Wilmington, Del. by Rev. Mr. Schenk.

STATE GARDEN CHAMPIONS

New Hampshire College, Durham N. H., Feb. 20.—William Neal of Meredith, thirteen years of age, was declared state garden champion in a report on the home garden contest in the boys' and girls' clubs issued today by L. C. Carls, state leader of club work of the extension service. Boys and girls engaged in the garden project alone raised vegetables during the past year amounting in value to \$844,022, according to the report, and planted and cultivated 1010,85 square rods of land. The average profit per club member was \$1.55. These figures are based only on work which was definitely reported by boys and girls in the state; a great many more members had gardens who did not send final reports.

Young Neal, who is the son of a well known Devon cattle breeder, established a new record in garden work by producing \$53.33 worth of vegetables from a plot of 1510 square feet. The other state winners in the garden project were: Herman McConnell of Hudson; Elsie Davis of Meredith; Ernest Eddy of Hudson; Guy Goodwin of Hopkinton; Chas. H. Bickford of New Hampton; Edward McClelland of Westmoreland; Robert Kemp of Lame; Leslie Beaumont of Stratham; and John Summers of Jefferson.

destruction from landslides, collision and other unforeseen accidents that might cause the inflammable cargoes. It takes large men to steam work in and work out through submergence and mite-infested waters at eight knots an hour in a ship loaded with several thousand tons of depth charges, T. N. T. or poison gas, not

knowing what minute the whole works is going to be blown to "Kingdom Come."

MAY PARADE AS CIVILIANS

Washington, Feb. 20.—Will the men of the New England Division of the American Army make their victory parade through the streets of Boston "as civilians, without arms or equipment?" They will, if an order of Secretary Baker for a public parade in the District of Columbia applies to other homecoming parades throughout the country.

For weeks a committee of Washington citizens has been busily arranging a demonstration for the returning soldiers of the District of Columbia, to take place shortly after their arrival. The national capital is in a frenzy over the forthcoming event and had been planning to make it a military grand review when suddenly the Secretary of War issued an order that the troops should participate in the parade only as civilians without arms or equipment.

This unexpected descent from a victorious march of fighting men to a parade of pining patriots has well-nigh disrupted the committee having the affair in charge. Some 15,000 District men went across to help crush Prussianism, and their fathers and mothers and wives had set their hearts on seeing them in the equipment with which they did this job; that some of them already had been discharged from the Army cut no figure in their anticipations.

New the War Department has spoiled the show. The men may wear their uniforms, it is understood, and it is not yet known whether men will be required to carry as symbols of their prowess, pink roses or lilacs of the valley.

"The same fate may befall the forthcoming New England demonstrations or welcome unless the local committee emphasize that they want to see soldiers in the line and not civilians."

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores

Pimples, zits and boils usually result from toxins, poisons and impurities which are generated in the bowels, and then absorbed into the blood through the very diets which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

"The surest way to clear the skin of these eruptions," says a noted authority is to get from any pharmacy about four ounces of Jaid Salts and take a tablespoon in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jaid Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

The shortest month, and full of blizzards.
And clean-cut sales from A to Zizzard.
When kids are taught veracity
Through tales of George's cherry tree—
When valentines set hearts a-flutter—
When eggs are highest—also butter.
A month so short that all must hump.
Or monthly sales will show a slump.
A month when Spring goods are arriving
And salesmen for new records striving.
The fog and month of snow and freezing.
When people do a lot of sneezing.
A month for indoors by the fire,
A month we're glad to see expire.

This year has been the exception to the rule and when old February leaves us we will feel more than ever like "fixing up" the home. There is nothing which adds more material difference than attractive curtains and over-drapes. We have many new cretonnes for this purpose and are selling them at a much lower price than usual.

"SIDE OF THE POSTOFFICE"**Let's Reason Together!**

Every Shoe in our stock was selected for Portsmouth people. Nothing cheap or trashy bought for a "startling" sale.
The way we make low prices is to keep expenses down to the lowest possible point and buy nothing that will not sell readily.
That's the way to build up a business and that's the way that Portsmouth people like to do business. Let us show you what this system will save you on—

BILL TO CLOSE JAILS IN COUNTY PASSES HOUSE

Will Likely Strike a Snag When It Reaches the Senate.

The bill which would confine all prisoners in Rockingham County to the jail at the county farm at Brentwood and close the jails in this city and Exeter, passed the House in Concord on Thursday with an opposition. From the outside it looks as if the bill was due for a massacre in the Senate. The bill came through the committee on Judiciary and was reported as ought to pass by a majority of the Rockingham County delegation to whom it was referred. The bill is the following:

Section 1. The county of Rockingham shall maintain at the county farm in Brentwood a jail and a work house in connection therewith suitable for the needs of the county.

Sec. 2. The superintendent of the county farm shall have the custody of the jail and of the prisoners confined therein, and shall give a bond in the sum of five thousand dollars to the county to secure the faithful performance of his duties as jailer. The cost of such bond shall be paid by the county. The jailer shall have the same power, perform the same duties, and be subject to the same liabilities as other jailers; but the prisoners shall be fed, clothed and cared for by the county.

Sec. 3. All moneys received by the jailer as fees and for the board of prisoners shall be paid to the county treasurer.

ATLANTIC HEIGHTS MAIL CARRIER

Acting Postmaster Fred C. Tucker, received authority on Thursday to employ one additional letter carrier to serve this new government housing reservation and the same will become effective Monday next.

Substitute Chester L. Clough will be assigned to this work pending the return from active army service of substitute Clyde Robinson, now in France with the U. S. forces.

This route will be served by mounted carrier and will also cover the section around Maplewood and Woodbury Ave. to Belmont street, and will give this latter section earlier and better service than at present.

THE HERALD HEARS

That the night baggage master at the depot has not as yet sent a card of thanks to the people who left a dead cat with him in a bag.

That for the past two years there has been plenty of reports about the Standard Oil Company tank steamers coming here but the first one is yet to tie up at the dock.

That the county commissioners are coming in for an increase of pay if the bill for the same gets by in the legislature.

That the Portsmouth city bond is taking every opportunity for improvement.

That the boiler that there are as good fish in the sea as ever were caught is poor consolation when we've lost our bait.

That elder has been badly camouflaged by the liquor law committee in the new bill coming up for a big row in the House at Concord next week.

That a gambler named Moore at Camp Devens wrote a letter on Nov. 25, 1915 which he sent to Waver, Massachusetts, notifying his people of his discharge.

That the letter certainly did some traveling to reach its destination.

That it reached the soldier's mother on Thursday after making a trip to Switzerland.

That the local junk dealers say the market is hot to pieces.

That young Plannigan is one of the local men who appears at South Beach on Saturday in one of the boxing bouts.

That the police are said to be strongly opposed to the closing of the county jail here.

WIFE SKIPPED AND LEFT FIVE CHILDREN

Husband Hunting for His Handsome Wife in This City.

Salvatore Stella of Prospect Way, Lawrence, has been in this city hunting for his missing wife, who he heard was located in Portsmouth. He sought the assistance of the police but nothing could be learned as to the woman's movements here. The husband says she disappeared two months ago leaving five children. He left her wedding day photograph which catches the eye for extreme beauty. The husband thinks another man is concerned in the case.

OUR DUTY TO PROTECT NAVY YARD

It is well to keep in mind that the interests of the Portsmouth navy yard should be kept alive at Washington. There are big chances coming with the work of the Peace Conference finished. Portsmouth's friends of the yard should keep busy these days for there is much to be done. Our yard should have more dry docks and quay walls and this is conceded by every real friend. The future of many of the yards will be determined during the next few months. Let's not be too late but keep brooding.

WILL ENTERTAIN THE DELEGATION FROM PORTSMOUTH

Arrangements are being made in Manchester for the entertainment of the Portsmouth delegation in the legislature some day within the next two weeks. The Portsmouth men will be the guests of the Derryfield Club and while in the Queen city will have the opportunity of going through some of the big mills.

The boy's wardrobe usually needs replenishing by this time in the winter season. It may be the overcoat that was expected to "go through this winter" and which has failed to "make good," or, perhaps the mackinaw looks a little too "disreputable" to wear for "best," and the suit has to give out sometime. Now then, our boys' department offers a big selection on any of these garments and big values as well.
